Fiscal Sponsorship Fund (FSF) - for Nonprofits

Eliminate the hassle and expense of establishing a US-based charity by partnering with The Resource Foundation to open a Fiscal Sponsorship Fund (FSF).

This cost-effective solution allows nonprofits outside the US to seamlessly receive tax-deductible donations from US donors. We handle all donor interactions and back-office administrative tasks, including issuing tax receipts.

How does it work in 3 simple steps:

-  **OPEN YOUR FUND**
We make it easy to open a fund with us. Simply provide us with details about your organization, its mission, activities, and current donors. Once we have reviewed your application, we will formalize your FSF through a signed agreement.
-  **START FUNDRAISING**
After setting up your fund, you can let your US donors that they can support your activities by contributing to your FSF. We accept cash (check, money order, or wire transfer), stocks, or bequests. We'll create a customizable webpage for online credit card donations, and we will promptly send acknowledgments to your donors for each donation.
-  **GET YOUR FUNDS**
You will have direct access to donation statements and personalized relationship management.

The TRF Difference

- Over 35 years of experience connecting US donors with local organizations in the Americas.
- Regional expertise, multilingual skills, and dedicated relationship managers.
- Simple, convenient and cost-effective processes to accept tax-deductible contributions from donors in the US.
- Accelerated access to funding to maximize your impact and achieve scalability and growth.
- And overall, we are committed to the success of your organization.

Fee Structure

Set-up fee: \$1,000

Maintenance fee (annual): \$350

Disbursement fee:

- 5% up to \$100,000
- 3% from \$100,001 to \$500,000
